

# COLEMAN MACH 3 PLUS

220 V / COOLING: 3,95 KW  
(61 164 010)

## RV AIR CONDITIONING

# COLEMAN MACH 3 PLUS

220V / COOLING CAPACITY: 3,95 KW

The Coleman®-Mach® 3 PLUS™ is one of the best RV air conditioning values available. It is a practical solution for caravans and other special vehicles. It is no matter it's cold or hot outside, even if there is a no built in AC in the passenger cab. You can count on the Mach 3 PLUS™ for reliability. There are many reason why it got one of the America's favourite over-the-road items: durable, practical, space-saver, easy to build-in and it has high capacity.
