

COOL CARAVAN 2500 A/C UNIT

220V / COOLING: 2,5 KW
(62 700 174)

COOL CARAVAN 2500 A/C UNIT

220V / COOLING CAPACITY: 2,5 KW

Cooling and heating with Cool Caravan 2500 under-bench air unit.

Conveniently housed in the under-bench storage area in motorhomes or caravans, this provides an efficient space-saving air conditioning solution for vehicles up to 8 m in length.

There are a number of reasons for having it: no roof load, and the centre of gravity and outside dimensions of the vehicle remain unaffected, and you can build in yourself-it is already filled up with refrigerant. This air conditioner will gladly serve as a powerful heating on cool days. The remote control and the quiet operation is all for your and your passengers comfort.
